2 **Remarks**
3

4 The Notice of Allowability marked Box 5 entitled "CORRECTED
5 DRAWINGS". However, neither Box 5(a) nor Box 5(b) was marked. A thorough
6 review of the file history did not reveal where any drawings changes were
7 indicated by either the Examiner or the Draftsperson.
8

9 Three voice mails were left with Examiner Firmin Backer between
10 Wednesday (11/29/2006) and today (12/04/2006) inquiring as to the intended
11 drawing changes. A response has not yet been received.
12

13 Nevertheless, eight (8) Replacement Sheets are attached hereto for Figures
14 1-9. Applicants' representative has made certain changes that each find support in
15 the written description. The changes are as follows: Figure 2—a few elements at
16 the bottom of the figure were moved upward to compress the diagram so as to
17 ensure that it properly fits within the stipulated margins. Figure 3—reference
18 numbers 218 and 216 were lowered so that their lead lines contact their intended
19 elements of "Q" and "Combiner", respectively. Figure 4—element 218 formerly
20 read "Q" and now reads "Q1". Figure 5—element 218 formerly read "Q" and
21 now reads "Q2", and the output of "Key Generator 212" formerly read "K1" and
22 now reads "K2".
